

## Individual Iteration Report

Name: Shanghtin Htu Tawng

Team Name: Team 2

Iteration Number: 6

### 1. Team Data

- a. Total points planned by **team**:14, completed by team:14, still in progress by team:0
- b. Total points assigned to **you**: 14, completed by you: 14, still in progress that you are responsible for: 0

### 2. I completed 2 user stories:

1. As a financial analyst, I want a clean set of reports set up where all the basic reporting will be visible either in one or multiple pages and using the same tables. Assigned to everyone. 7 points

-We have successfully combined our reports into a format and organized them to reflect consistent meanings and definitions we previously established. This consolidation ensures that everyone can access accurate, standardized information across all reports.

2. As a team, we want to select what visualizations to be part of our senior expo poster board so we can present it. Assigned to everyone. 7 points

- We added some graphical visualizations from our Power BI report to the poster.

### 3. There is no user story that I started but not completed.

### 4. There is no user story that I planned but not started.

Apart from working on user stories, I contributed to the team report:

#### 1. Worked with my teammates:

- Kanban Board
- Story Board: update the progress of stories we are working on
- Retrospective Summary: Answer the questions that how well we've gone through, where we should improve, and project process.
- Team Temperature: update the performance in team communication, collaboration, workload, project progress and stakeholder engagement.
- Showcase video
- Combine our reports into one
- Work on senior expo poster
- Participating in senior expo on May 1<sup>st</sup>

2. Done by me:

- Uploading my notebook from Microsoft Fabric Power BI to GitHub
- In Team Report: 1) what stories were planned including points and assigned to whom and 2) user stories that we completed in this iteration 6.
- Combine and edit our video showcase recordings and upload the video on secure platform. And then email our video showcase to Transcard team.
- Adding feedback by household size graphical visualizations and conclusion to senior expo poster
